SEALERS & HARDWARE

MUFFLER WELD® Exhaust System Repair PART NO. 10103

- Black sodium silicate based sealer that sets like a weld with remarkable adhesion to clean or rusted surfaces
- Resistant to monoxide gases and high temps
- Temperature resistance up to 1500°F
- Applications: Mufflers, resonators, tailpipes, other exhaust system components

EXHAUST SEAL Joint & Crack Sealer PART NO. 10160

- Seals holes or cracks and stops leaks in mufflers, tailpipes and around joints
- Sets like a weld and makes new installations more secure
- Resistant to monoxide gases and high temps
- Temperature resistance up to 1500°F
- Applications: Pipe ends, joints and openings

INFERNO SEAL™ Metal Repair PART NO. 83009

- Thermally stable adhesive designed to weld cracks and holes in metal surfaces
- Resistant to monoxide gases and high temps
- Temperature resistance up to 2000°F
- Applications: Manifolds, mufflers, headers, tailpipes, catalytic converters, exhaust pipes and more

STRAPPING KIT PART NO. 10105

- Use the metal strap as extra support, a hanger or clamp on mufflers, tailpipes, pipes, ducts and more
- 5 ft metal strapping provided – cut to size
- Applications: Mufflers, tailpipes

HEAVY DUTY EXHAUST TAIL® PIPE REPAIR KIT PART NO. 90100

- Steel clamp with a high temperature ceramic gasket
- Seals and supports leaking exhaust and tail pipes
- Stops exhaust noise
- Fits pipes 1 1/4" - 2 3/4"
- Applications: Exhaust pipes, tailpipes
